Important Information about this Declaration

This declaration is valid for the Products listed above (1) and delivered by Filcoflex B.V.

Filcoflex gathered the information it provides in this form using reasonable methods to ensure its accuracy and that such information is true and correct to the best of Filcoflex's knowledge and belief, as of the date of this document. In some cases, Filcoflex relied upon information provided by suppliers, and has not independently verified such information.

In some cases, Filcoflex relied upon testing performed by an independent lab based on the rules set out in the regulation referenced. According to such testing, the listed product complies with the legal requirements stated subject to the user's adherence to the regulation's stated conditions for contact with food.

Many factors beyond Filcoflex's control can affect the use and performance of Filcoflex products in a particular application, including the conditions under which the product is used. Since these factors are uniquely within the user's knowledge and control, it is essential the user evaluate the Filcoflex products to ensure that these products and components are suitable for use in their specific food application, especially in case of applications where food contact conditions deviate from those stated in the applicable regulations or the manufacturer's instructions and operations manual.

Unless otherwise agreed upon in a writing signed by an authorized Filcoflex employee, Filcoflex's terms and conditions of sale contain the sole obligation and exclusive remedy for issues that arise regarding information that Filcoflex provides in this form.
