Filcoflex is a manufacturer of tailor made flexible products made from elastomer and thermoplastic materials such as EPDM, Poly Urethane, PTFE, Gum Rubber, Silicone and many other materials.

Products Such as;

- Flexible connections with; Jacob coupling, Tri-clamp coupling, Bolted flange pattern coupling, Hoseclamp coupling
- Gaskets.
- Inflatable Products, inflatable bulk bag seal, Inflatable gaskets and seals.
- Weighing Bellows, Step Bellows, Custom polyurethane weighing bellows, silicone weighing bellows
- Hoses, Poly Urethane Hose on Roll, Silicone Seamless tubing, Rubber seamless tubing, spiral hoses

Products - Filcoflex

JACOB FLEXIBLE CONNECTIONS

These connections are applicable directly to the system, but adapters can also be installed to make different pipework systems suitable for these types of connectors.

[VIEW PRODUCTS →](#)

TRICLAMP FLEXIBLE CONNECTIONS

Tri-Clamp fittings are ideal for short term process lines and equipment. These types of fittings are often seen in pharmaceutical and chemical plants.

[VIEW PRODUCTS →](#)

FLEXIBLE CONNECTIONS

Flexible connections are available in many shapes, sizes and materials. We make a difference in hose clamp fitted connections and flange fitted connections.

[VIEW PRODUCTS →](#)

WEIGHING FLEXIBLE CONNECTIONS

Due to their special design and high quality flexible material, weighing bellows are used as a connection for weighing applications and dosing equipment.

[VIEW PRODUCTS →](#)

HOSES

Hoses can be used as maintenance solutions or as special flexible connections that are longer in length. There are endless variations possible.

[VIEW PRODUCTS →](#)

SEALS, GASKETS AND COVERS

Seals and gaskets for couplings and connections as well as pipes passing through walls or floors. Covers to protect wiring, mechanical parts or to make enclosures.

[VIEW PRODUCTS →](#)

INFLATABLE BULK BAG CLAMP

Inflatable seals to clamp Bulk Bags or bulk containers with or without liners. Easy to install, even easier to operate and 100% air and powder tight. The safest choice for every operator.
