

## Statement on Substance Absence Declaration

### Absence substance

#### PFAS

Filcoflex B.V. Netherlands and its affiliates do not intentionally contain the substances as listed below and therefore these substances **(1)** are not expected to be present.

Based on the information made available by the raw material suppliers involved in the production of the flexible material / product **(2)**, these substances **(1)** are not expected to be present in the article at levels >0.1% w/w, as they were not intentionally added as ingredients in the formulation.

The presence of analytically detectable traces, which have possibly been introduced via raw materials, auxiliaries and additives, cannot be excluded. Specific analyses to measure such traces have not always been performed on raw materials or final products it is therefore not possible to exclude the presence of these substances at the level of traces as an impurity.
